

EVEREST INTERNATIONAL SCHOOL - TANGIER

Accreditations & Recognitions

A trilingual, international learning environment combining Cambridge academic standards, British educational quality, and Moroccan cultural foundations.

A learning journey with local roots and global horizons

Everest School is committed to academic, personal, and social excellence through a balanced educational model that prepares confident learners, responsible citizens, and future-ready students.

Our Educational Frameworks

Cambridge International Education

International programmes that encourage curiosity, critical thinking, confidence, and academic progression from school to university and beyond.

British School Overseas - BSO

A benchmark of British educational expectations, supporting high standards in teaching, safeguarding, wellbeing, leadership, and school improvement.

COBIS

Connection to a respected global community of British international schools, strengthening quality, professional learning, welfare, and best practice.

Ministry of Education - Morocco

A Moroccan educational foundation that supports national identity, cultural values, Arabic and French learning, and international opportunity.

A recognised pathway for every learner

Everest School brings together international expectations and Moroccan identity, offering students a broad educational experience designed to build confidence, multilingual ability, and long-term success.

CAMBRIDGE
International Education

Cambridge International School

Cambridge International Education

As a Cambridge International School, Everest School delivers internationally recognised programmes that develop strong foundations in English, mathematics, science, and global learning skills. The approach encourages students to become independent thinkers, resilient learners, and confident communicators.

Inspected DfE Accredited

British School Overseas - BSO

British School Overseas recognition reflects a commitment to high-quality teaching, safeguarding, student wellbeing, leadership, and continuous improvement. It helps ensure that the school environment is aligned with recognised British educational expectations while remaining adapted to the Moroccan context.

International standards. Moroccan identity. Future-ready learning.

The framework continues with COBIS and the Moroccan Ministry of Education on the next page.

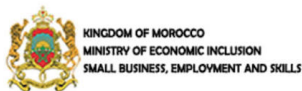

Global connection, national foundation

Everest School supports each learner through international school networks, national educational alignment, and a school culture that values excellence, openness, and responsibility.

COBIS - Council of British International Schools

Through COBIS, Everest School is connected to an international network that promotes excellence in British international education. This supports professional development, quality assurance, student welfare, and the sharing of best practices across schools around the world.

Moroccan Ministry of Education

Everest School operates within the Moroccan educational framework, ensuring that students remain connected to national values, language, and culture. This balanced approach combines English-led international learning with Arabic, French, and Moroccan identity.

LEARN - ASPIRE - ACHIEVE

Preparing students to succeed in Morocco and around the world.
